

Title I Compact
Woodview Elementary School

Woodview Elementary School recognizes that student achievement is best promoted through a strong home and school partnership. A team approach is critical in guaranteeing academic success for all students. The Grafton School District receives Title I Schoolwide federal funding which allows us to provide access to resources for all students and staff. A key component of this federal program is building a partnership with students, teachers, principals, parents and families in the school community. We ask for your commitment to the goals outlined below.

Teacher/School Commitment

- We will provide a stimulating instructional environment to enhance all aspects of your child's learning and development.
- We will provide a challenging curriculum that meets student performance standards.
- We will communicate your child's progress and performance to you on a regular basis.
- We will provide families with suggestions, information and support, so you can encourage your child's reading/math interest, growth and development at home.
- We will welcome and encourage the involvement of all families.

Student Commitment

- I will arrive at school everyday, on time and ready to learn.
- I will pay attention to my teachers and parents and ask questions when I need assistance.
- I will follow my school and classroom rules.
- I will be respectful of myself, my classmates, my teachers, and other school staff.

Parent/Guardian Commitment

- I will make sure that my child attends school regularly, is on time and is prepared to learn.
- I will support my child's learning at home by inquiring about homework and providing support when needed.
- I understand that reading/math skills improve with practice and will encourage my child to practice reading/math skills at home.
- I will attend parent-teacher conferences and communicate about my child's progress with his/her teacher through notes, phone conversations, and/or e-mails.

If you have any questions please contact your school principal or the Teaching and Learning office.
